

# Going green

**Pacific Printing offers design, photography, print, mailing and fulfillment services.**

We have the specialized equipment and knowledgeable staff to complete any printing need –  
from stationery to full color brochures, marketing materials, catalogs and magazines.

**The people of Pacific are dedicated, highly experienced professionals ready to work with you to complete your project on time and on budget.** We feature high definition printing using environmentally friendly printing processes. Because our presses run 24 hours a day, you can expect a quick turnaround and a superior product.

**At Pacific Printing, we take our environmental responsibilities seriously.**

**We understand that being a good neighbor is good business and are committed to green and sustainable business practices such as:**

Using only vegetable based inks and water based aqueous coatings in our presses

Offering clients a wide array of recycled paper options

Using low VOC (volatile organic compound) solvents

Implementing a comprehensive recycling program throughout our plant and offices

Leading the industry by exceeding Federal and State water and air quality standards

Collaborating with clients and suppliers to limit the environmental impact of our products from manufacturing to disposal.

**The next step in “going green” is to obtain our Forest Stewardship Council (FSC)**

**certification in 2008.** FSC is the most respected standard for responsible forestry. With this third party verification, you will be assured that your printed pieces meet the stringent FSC chain of custody standards and qualify to carry the prestigious FSC trademark logo.

**The best news...**

protecting the environment does not stand in the way of Pacific's ability to provide

**the highest quality printing  
at a competitive price.**
